COMMENTS FROM THE TOWN MANAGER'S OFFICE

The books are closed for another year and the tax payments were up a very small percentage over 1963. The figures for 1964 are \$238,863.90 paid and \$231,970.78 unpaid. The paid percentage for 1964 is 91.1% which is a little better than the 90.7% in 1963. I had hoped that it would be better this year than 91.1% because there was a small decrease in the rate.

The auditor is scheduled to be here the week of January 11 to audit the town books. It is very difficult to get the books ready for auditing and the unpaid bills prepared and the other necessary preparations in such a short time after the closing of the books on Dec. 31. However, it must be done this way in order to have the material for the town report of the current year.

The supply of salted sand is quite low for this time of year and an additional 500 yards is going to be put up. This is a bad time of year to stockpile sand but there is a lot of winter ahead and we will certainly need more sand than there is available.

Some parents have complained that functions are being held at the Community Room that are not properly chaperoned. Before asking for use of the Community Room, the persons or group should have two chaperones over 21 years of age. The young people who use the Community Room are very orderly and well behaved but there still should be chaperones available.

This is a very good time to pay excise taxes and get 1965 auto registrations. The first of March will be here in no time, so anyone wishing to avoid the rush should take care of these matters now.

Chamber of Commerce Elects

President Burdick Pierce and Vice-President James Fiske

The Greater Bethel Chamber of Commerce met Tuesday night at the Norseman Inn and elected Burdick Pierce as their 1965 president. Other officers elected were James Fiske, vice president; Alvin Barth, secretary; Ronald Stevens, treasurer, and Dr. John Trivard, Norris Brown, and Joseph Farrow, members of the executive committee.

Retiring president Rev. Clifford Laws was given a vote of thanks for his two year leadership during the change of the old Bethel Chamber to the Greater Bethel Chamber. He outlined the various tasks that were accomplished during the past year and challenged the

new officers to continue this move in the right direction with the completion of some tasks that did not prove successful in 1964.

A number of projects were announced by President Pierce. These include a comprehensive town plan for the town of Bethel, a winter carnival for the area, participation in an Oxford County brochure, membership, and the placing of articles in the town warrants of the towns in the Greater Bethel area.

The executive committee will meet at the home of Mr. Pierce on Broad Street, Sunday, Jan. 10, at 7:00 p. m.

P. T. A. TO MEET NEXT TUESDAY NIGHT

John Blake, Associate Director of the Continuing Education Department of the University of Maine will be the guest speaker at the January meeting of the Bethel Parent Teachers Association to be held at the Crescent Park School on Tuesday evening, January 12th. STATE AVERAGE SALES TAX TABLES AVAILABLE

Maine taxpayers may use a state sales tax table as a guide while filing their 1964 federal income tax returns. Whitney L. Wheeler, District Director of Internal Revenue, said the table is now available.

The table shows the average amount of state sales tax paid by Maine residents and may be used by taxpayers who itemize their federal income tax deductions. Similar tables have been prepared for 36 other states and the District of Columbia.

For the first time since 1960 when the tables were originally issued there has been a general revision of the amounts Mr. Wheeler said. The latest tables are based on summary data showing the pattern of consumer expenditures developed by the Bureau of Labor Statistics from a 1960-61 study. Previous tables were based on a 1950 study.

Previously, tables were revised to reflect changes in sales tax rates or the commodities covered by the particular state's laws.

The recent study shows that household operations, property taxes, medical care, personal care services, education, and insurance have, for the most part, comprised a larger part of the total consumer expenditures in 1960-61 than they did in 1950. These items are not usually subjected to state sales taxes.

The new tables omit the state sales tax on automobiles purchased thus providing a uniform treatment of this item for all states. Now taxpayers who purchase an automobile may add the sales taxes paid on the purchase to the amount shown in the table.

The result of the revisions, particularly the elimination of the allowance for autos, has reduced the amount shown on the sales tax tables. The new tables, however, are a more accurate measure of the average sales tax paid in the various states.

Internal Revenue reminds taxpayers that these tables are not required to be used. They are furnished as a guide for the convenience of taxpayers who itemize deductions on their federal income tax returns but who wish to use a "standard" amount for state sales tax which will not require detailed substantiation. Taxpayers have the choice, of course, of deducting the actual amount of state sales taxes paid.

See tax table, Page Five

The ME's will meet January 11 with a pot luck supper at 6:30 followed by a game party.

BREAK AT CARTER EQUIPMENT

It is reported that Carter Equipment Co., Mayville, was broken into early Wednesday morning. A considerable amount was taken. The break is under investigation by the Oxford County Sheriff's Department.

This is the seventh break since 1957 at Carter Equipment Co.

SHC AWARDS OVER \$1 MILLION IN HIGHWAY CONSTRUCTION IN DEC.

The State Highway Commission reports that during the month of December five highway construction projects were awarded to contract totaling an estimated \$1,193,555.

Two Interstate projects were awarded. One contract calls for two structures in Howland—a 4-span bridge to carry the freeway over the Piscataquis River; and a 3-span to carry the freeway over Sebobeis Road. The other Interstate project is for an overpass in Houlton to carry Moore Road over the freeway.

Highway construction projects were also awarded for work in Livermore Falls, Montville-Seamsmont and Wayne. A little less than 2 miles of Route 133 will be rebuilt in Livermore Falls just north of Haines Corner. Another section of Route 133 will be reconstructed in Wayne beginning at the post office in the built-up area and extending northwesterly about a mile. The work in Montville-Seamsmont will fill the gap between two already modernized sections of Route 3 in the vicinity of North Seamsmont Village.

There were eight projects completed during the month of December at an estimated total cost of \$2,572,050. Two Interstate projects were completed—a 4-mile grading project in Old Town, Alton and Argyle extending from Route 16 north to the Alton-Argyle Road; and the overpass at Route 16 in Old Town. A project in Hampden and Bangor was completed which graded a portion of re-located U. S. Route 1-A from Perry Street to the Spur. Highway construction was also completed along 4 miles of U. S. Route 201 in the Forks and Caratunk; about a mile of Somerset Avenue and Park Street in Pittsfield; and on two sections of Hartland Avenue (Route 152) in Pittsfield and Palmyra for a total distance of 2 miles.

On January 1, 1965 the State Highway Commission reported 75 State and Federal Aid projects under various stages of construction. The total estimated cost, including engineering, right of way and engineering, amounts to: Primary, \$8,030,820; Secondary, \$9,282,235; Interstate, \$15,221,900; Urban, \$186,700; State Bridge Act, \$1,511,811; State Projects, \$981,200 a Federal project, \$7,000 for a grand total of \$29,524,635.

IN MEMORIAM

In Loving Memory of
Walter Bailey Sr.
who passed away Jan. 6, 1964
You have left a beautiful memory
A sorrow too great to be told
But to us who have loved and lost
you
Your memory will never grow old.
Always a silent heartache
Many a silent tear
But always a beautiful memory
Of one we loved so dear.
God gave us strength to bear it
And courage to face the blow
But what it means to lose you
No one will ever know.
They say "Time" heals all sadness
And helps one to forget
But so far "Time" has only proved
How much we miss you yet.
Your memory is a treasure
From which we will never part
Though God has you in His keeping
We still have you in our heart.

Letter to the Editor
To The Editor,
Curfew for teenagers!!!
How about a curfew for snowmobiles!!!
Now that snowmobiles are becoming more and more popular it seems only fitting that owners of these vehicles be a little considerate of their neighbors. Nobody wants hearing these playthings at reasonable hours, but when they carry on into the wee hours of the morning it is going a little too far. A little more consideration might eliminate no "trespassing sign" and fences to stop these playful culprits.
A few can spell it for all.

WINS SCIENCE AWARD

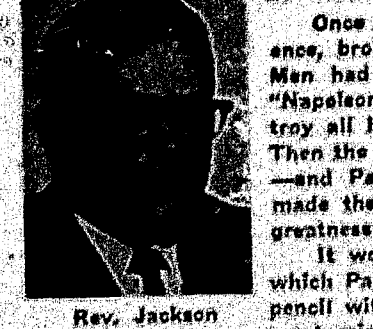

Ray Halperin
Could Academy senior Ray Halperin of Augusta has been named the school's 1965 winner of the Bausch and Lomb Science Award. This award, recently announced by Headmaster Edmund J. Vachon, is given annually to the senior student with the highest scholastic standing in science subjects. Winners of the award are eligible for science scholarships at the University of Rochester.

VETERANS NEWSLETTER

A speed-up in the payment of \$932,000 in 1965 GI Insurance Dividends to 19,278 Maine Veterans was ordered last week by John S. Gleason Jr., Administrator of Veterans Affairs, following the request from President Johnson to continue the accelerated dividend payments as has been accomplished the last four years.

Administrator Gleason expressed the hope that the entire payment of these dividends could be started immediately after New Year's Day, and be completed during the first week of January. The 1964 annual dividend was paid in a record time of eight days; the 1963 dividend checks were mailed out in 31 days; and the 1961 payments required less than 3 months to get the check into the hands of the veteran. In 1962 and in other prior years, the annual dividends were paid on the anniversary dates of the policies.

Of the \$932,000 in 1965 dividends to be paid Maine veterans, \$861,000 will be paid to 19,274 veterans of World War

20 SECONDS WITH THE NAZARENE

Once Paganini, standing before a vast audience, broke string after string of his violin. Men had come to hear his greatest sonata, "Napoleon." They hissed as he seemed to destroy all hope for continuing his performance. Then the artist held up his violin: "One string—and Paganini!" and on that one string he made the first complete manifestation of his greatness!
It would be a poor violin, indeed, out of which Paganini could not bring music; a poor pencil with which Raphael could not create a masterpiece; and the power of the Spirit behind the least gifted one can work to glorious issues.

Time was, half a century ago, when sleigh bells made music in the air and steel runners squeaked on hard packed snow. Do you remember the muffled, monotone notes of wood chopping? Remember how the bells jangled on the work horses' collars as they pulled loads of logs to the sawmill?

This is the heart of winter and man looks for the extra minutes of daylight as earth swings on its tilted axis toward the time when its northern era will again face the sun.

On a January evening a man sits before the crackling flames of the fireplace and pores over the seed catalogs. It is the heart of winter and one cannot hurry time. But somehow, once the new year is here, one knows that spring is coming. It is a promise that has never failed.

Time was, half a century ago, when sleigh bells made music in the air and steel runners squeaked on hard packed snow. Do you remember the muffled, monotone notes of wood chopping? Remember how the bells jangled on the work horses' collars as they pulled loads of logs to the sawmill?

The Indians labelled this the Lean Wolf Moon. Woodchucks and chipmunks are sleeping that strange half death called hibernation; but foxes, rabbits, deer and wildcats grow thin as they search for food. Why is it, a man wonders as he chops next year's wood, that small birds like chickadees and nuthatches stay in the northland while larger birds migrate to the southland.

Earth's breast is iron hard and the Northland King sends his legions of cold and sleet, ice and snow to possess the land. There come blizzards that rattle windows and send probing fingers of cold along the floors of old houses. Wild, windy nights mean mourning in the chimneys and around the corners of buildings.

NEW BOOKS AT THE BETHEL LIBRARY
"One Man's Meat," by E. D. White. "The essays in this book reveal a sense of proportion and a sense of humor. 'One Man's Meat' has proved to be everybody's meat."
"The Pond," by Robert Murphy. This book "has an unusually appealing cast of characters, both animal and men—a worthy successor to Sterling North's 'Rascal.'"
"The Legend of the Seventh Virgin," by Victoria Holt. Victoria Holt has created another absorbing story as gripping as "Mistress of Mellyn" and "Kirkland Revels," but her characters go far beyond the ordinary realm of the traditional Gothic novel.
"Voices in the Meadow," by Allan Bosworth. "The hilarious efforts of Woodrat and Squirrel to save their friend Beaver—are the theme of this delightful animal story about life in a meadow."
"The Story of William Penn," by Alick. The life of the Quaker founder and his efforts to establish religious freedom are described in a gentle and straightforward style.
To be read to:
"May I Bring a Friend," by Beatrice de Regniers. "Accompanied by a different unusual guest each day, a little boy has tea with the King and Queen, who assure him that 'any friend of our friend is welcome here.'"

CARD OF THANKS
We wish to thank all our friends and relatives for the cards, help and for the lovely Sunshine box. And for being so thoughtful while Raymond was in the hospital.
We also want to thank his employers and their families. Thank you again.

Red, white, & blue chip investment

You won't get rich overnight buying U. S. Savings Bonds. But for the long run, they make an excellent investment.
You get a guaranteed rate of interest—3 1/4% when held to maturity—so there's no ups and downs to worry about.
You also get certain tax advantages since Savings Bonds aren't subject to state or local income taxes and the federal tax can be deferred until the Bonds are cashed.
But probably most important is that Bonds pay off in more than dollars. When you get your Bond investment back you know it has helped Uncle Sam strengthen the cause of freedom (your cause) all around this troubled world of ours.

Buy U. S. Savings Bonds and own a share of America. It's a good outfit to do business with.

Quick facts about Series E Savings Bonds

- ✓ You get back \$4 for every \$5 at maturity
 - ✓ You can get your money when you need it
 - ✓ Your Bonds are replaced free if lost, destroyed or stolen
 - ✓ You can buy Bonds where you bank, or on the Payroll Savings Plan where you work

GOOD CITIZENSHIP AWARD

Miss Jane A. Look, daughter of Mr. and Mrs. Oscar L. Look of South Addison has been chosen by the students and faculty of Gould Academy to receive the D.A.R. Good Citizenship Award. This award, given each year to an outstanding senior girl, is made on the basis of her possession of the traits of dependability, leadership, patriotism and service to school and community and is sponsored in the Bethel area by the Thompson chapter of the Daughters of the American Revolution.

Miss Jane A. Look

Miss Look's activities at Gould have been varied, embracing all phases of school life. One of her major emphases has been music, a field in which she hopes to do her college work. She has been a four year member of the band and chorus and has been chosen to attend both the Western Maine and All State Music Festivals. She has sung leads in Gould's ambitious productions of "Brigadoon" and "Amahl and the Night Visitors" and will undoubtedly be seen in the spring's presentation of "Carnival."

Jane's ability and her willingness to serve the general good have been widely recognized by her schoolmates who have elected her to offices in several school organizations. She has been at various times, class vice-president, Girls' Athletic Association president, Outing Club secretary, school publication Exchange Editor and Student Council representative.

Her activity in the sports field is equally varied involving participation in varsity tennis, hockey and softball as well as modern dance, skiing and volleyball.

This award reflects the appreciation of her teachers and classmates for Miss Look's many contributions to school life during her four years at Gould.

Over the glasses of winter the summer glows.

—Mary Baker Eddy

SENIOR CITIZENS TO MEET

The January meeting of the Senior Citizens is to be January 12 at the Norseman Inn from 10:30 to 2 o'clock.

CB MONITORS INSTALL

The Bethel CB Monitors met Jan. 4th at 7:30 p. m. After the usual business of the club the outgoing officers gave their annual reports.

The club was organized in November 1963 with 20 charter members. It joined the New England CB Council at their November meeting. The club's members assisted in the flood of November 1963, providing communications for Civil Defense. It has assisted at fires and in fire patrol in the fall of 1963 during the dry season.

In January 1964 a React team was set up. React is an emergency team that stands by on Channel 9, 24 hours daily to provide assistance in any emergency that may arise either to a CB'er or citizen such as an accident or fire. In October the club sponsored pony rides to raise money for club projects and in November a rifle raffle was also held. In December the club brought Santa to town for a couple of hours to talk to the children.

At the conclusion of the meeting the following officers were installed for the coming year. President, Oakley Godwin; Vice-President, Mrs. Barbara Godwin; Secretary, Mrs. Lucia Smith; Treasurer, Mrs. Grace Coburn; Co-ordinator, Eldon Greenleaf; and Asst. Co-ordinator, W. J. "Pete" Baker.

Any interested citizen who wishes to apply for a CB license can get an application from the president. Any CB'er who wishes to join the club can get a membership application from the officers.

GIRL SCOUTS

The Girl Scouts met at the Legion Rooms Tuesday afternoon. Some of the girls went to Mrs. Robert Keniston's to work on "sit-upons" and the others worked on the health badge. All girls interested in the roller skating badge will meet at 9:15 on Saturday morning at the Legion Rooms. — Lottie Butters, Troop Scribe.

Two tips to cut oil bills

1. Make sure attic ventilators and other heat leaks are closed off.
2. Use a heating oil that helps guard against deposit build-up in burner passages. In a clean, well adjusted burner, Shell Heating Oil can reduce fuel consumption significantly.
